

# DROPSHIP

## A Step-by-Step Guide to the Fulfillment Process

- 
-  **Client Submits CSV and/or Product Links**  
The client submits a CSV file containing product details and/or product links for sourcing.
  -  **Dropship Sources Manufacturer and Provides Quote**  
Dropship tracks down a reputable manufacturer, negotiates the lowest price, and returns an all-inclusive quote to the client.
  -  **Client Agrees to Quote**  
After the client agrees to the quote, Dropship issues tracking numbers, and payment is due. Once payment is confirmed, the goods are expected to arrive at Dropship's warehouse within 1-3 business days.
  -  **Goods are Fulfilled, Packed, and Shipped**  
Upon receiving the goods, Dropship fulfills, packs, and ships them according to the client's instructions. The tracking numbers for the parcels are activated.
  -  **Parcels Reach Shanghai Airport**  
Within 24 hours of leaving Dropship's facility, the parcels reach Shanghai airport for further processing and shipping.
